

Team: Team 07

Inject Number: 6

Inject Duration: 235 Minutes

Inject Start Date/Time: Sat, 30 Jan 2016 09:54:28 -0800

From: Black Team

To: Blue Team

Subject: Password Changes

Blue Teams,

Changes to the Competition account passwords may affect the ability of the service scoring engine to properly detect a service as available. Please upload any account changes made to system or admin accounts to this inject as a submission through the Blue Team portal.

Teams are then required to contact us directly via WebEx and alert us to the request. Being proactive with your password changes is encouraged if you want them applied to the service engine in a timely manner.

Failure to notify will delay the updating the of the service engine and may result in lost service points.

The file format should be a CSV file with a single entry per line:

Example entries:

```
user1,password  
user2,password
```

SUBMIT A SEPARATE TEXT FILE FOR EACH SERVICE WITH THE NAME OF THE SERVICE IN THE TEXT FILE. THE FILE SHOULD ONLY CONTAIN THE USERNAMES AND PASSWORDS PER THE ABOVE EXAMPLE. NO OTHER INFORMATION OR NOTES.

All submitted CSV files should use an ASCII-compatible character set. You may submit changes for multiple services by combining all password files in a zip file, each named appropriately for their service.

Note: Teams are allowed an initial password change at the start of the competition. Any additional password change requests need to be in response to an already submitted Incident Report. Please confirm with us via WebEx if you have questions. We are not using Administrator, admin, or root for any scored service. Do not submit those passwords as part of your upload. The Red Team has no access to this portal and cannot view your passwords.

Thank you.

Black Team
